

# 15 OCTOBER THURSDAY #KPAC20 DAY 1

## COLOR CODE: DESIGN THINKING STAGES

### EMPATHIZE

How can we prioritize the perspective of those experiencing the problem most directly? These sessions seek to recognize the urgency, discuss what success would look like, and make it a priority.

### DEFINE

What are key considerations that need to be taken up? These sessions will dig into the realities of an issue, the obstacles and opportunities to seize potential from top-level policy all the way to local implementation.

### PROTOTYPE TESTING

Are you ready to put your idea to the test? Working in unexplored territories means working and reworking an idea to navigate towards its full potential. These sessions provide constructive, candid feedback, to encourage one another to reach further.

### SCALE

Are you ready to take this idea to the next level? These sessions will offer some tried and tested models the opportunity to explain what they need to expand their impact in a responsible way.
